Professional Summary

Detail-oriented Full Stack Developer with hands-on experience in building scalable web applications using React.js, Next.js, Prisma, and PostgreSQL. Proficient in developing responsive interfaces, RESTful APIs, and containerized applications with Docker. Adept at collaborating with teams to deliver efficient solutions and optimize development workflows.

Professional Projects

Portfolio Website

Developed a fully responsive personal portfolio site to showcase skills and projects. The design is clean and modern, optimized for all devices.
Technologies: Next.js, Tailwind CSS, Vercel

BloodFinder – Blood Donation Web App

Building a full-stack blood donation platform featuring secure login, donor filtering by district/upazila, and admin dashboard for management.
Technologies: React.js, Next.js, Prisma, PostgreSQL, Tailwind CSS, Docker

DineSmart – Restaurant Management System

Created a complete restaurant solution with features like table booking, order tracking, and admin-side analytics. Integrated both frontend dashboard and backend APIs.
Technologies: React.js, Node.js, Tailwind CSS, REST API

News Portal

Developed a dynamic news portal using Next.js with categories, post management, and SEO optimization. Included admin controls and comment system.**Technologies:** Next.js, Tailwind CSS, Prisma, MySQL

E-commerce Website

Working on a modern e-commerce platform with product filtering, cart system, and integrated admin panel. Focused on scalability and smooth UX.
Technologies: Next.js, Tailwind CSS, Prisma,PostgreSQL

Core Competencies

1. Web Development
2. Frontend Architecture
3. Backend Integration
4. Database Design
5. API Development
6. Application Deployment
7. Containerization with Docker

Technical Skills

1. Languages: JavaScript, HTML5, CSS3
2. Frontend: React.js, Next.js, Tailwind CSS
3. Backend: Node.js (basic), Prisma ORM
4. Database: PostgreSQL, MySQL
5. Tools & Platforms: Docker, Git, GitHub, Vercel, VS Code, Postman
6. Other: RESTful API, Responsive Design, Component-Based Architecture

Academic Qualification

Bachelor of Science (B.Sc.) in Computer Science & Engineering
Bangladesh Institute of Science and Technology (BIST)
Year of Completion: 2019-2023

Higher Secondary Certificate (HSC), Science
Chattogram Biggan College
Year of Completion: 2016-2018

Secondary School Certificate (SSC), Science
Bangladesh Railway Govt. High School
Year of Completion: 2014-2015

Certifications & Courses

DevOps Engineering (Ongoing) — *Interactive Cares*
Enrolled in a 4-month professional DevOps course focusing on CI/CD pipelines, container orchestration, version control, and cloud deployment strategies.

Mastering Next.js & Prisma — *Ostad*
Completed a 4-month hands-on course focused on full-stack development using Next.js and Prisma, including API integration, authentication, and deployment workflows.

HTML, CSS, Bootstrap & JavaScript Course — *IT Bari*
Completed a 6-month intensive course covering core front-end technologies, including semantic HTML, responsive design with Bootstrap, and interactive features using vanilla JavaScript.
